

Rizviz ERP — Administrator Manual

Prepared by: Rizviz International Impex

Version 1.0 | June 2026

Confidential — Internal Use Only

1. Introduction to Rizviz ERP

Rizviz ERP is a comprehensive Enterprise Resource Planning system developed exclusively for **Rizviz International Impex**. It is designed to unify and streamline all core business processes across multiple companies and branches into a single, integrated platform.

This **Administrator Manual** is intended for users with the **Admin** role who manage the full Rizviz ERP environment — including HR, payroll, assets, projects, recruitment, interviews, leads, reports, and security audit.

Key Features

- Multi-Company / Multi-Branch architecture
- Role-based access control for secure, permission-driven usage
- Centralized employee and HR management with live UAT database
- Real-time payroll and salary processing with payslip generation
- Asset inventory tracking — register, assign, and return
- Project resource management and team allocations
- Interview data synced from Interview Software.xlsx with change tracking
- Leads pipeline derived from interviews or added manually
- Corporate Reports Center — PDF and Excel export
- Security Audit Registry — login and payroll action logging

System Requirements

Requirement	Details
Browser	Google Chrome recommended (version 90+)
Frontend URL	localhost:3000 (development) or production URL
Backend API	ASP.NET Core / Node.js API on port 5000
Interview Excel	Interview Software.xlsx in the RizvizERP project root
Database	SQL Server UAT / production as configured
Credentials	Valid Admin username and password

Intended Audience

This manual is intended for **System Administrators** and **Admin-role users** who require full access to all ERP modules and enterprise-wide data.

2. Login Module

The Login Module is the entry point to Rizviz ERP. It ensures that only authorized users can access the platform by verifying identity through company selection, branch selection, username, and password.

URL: localhost:3000/login

Important: All four fields on the login screen are mandatory. Leaving any field empty will prevent login.

Login Screen Overview

When you navigate to the ERP login URL, the Account Login screen is displayed:

Figure 1 — Rizviz ERP Login Page (Account Login Form)

Below the screenshot, the login page consists of:

- **Header** — "Account Login" title in bold dark blue
- **Company dropdown** — Select legal entity (e.g. Rizviz Int. Impex)
- **Branch dropdown** — Enabled after company selection (e.g. Lahore Tech Branch)
- **Username field** — Person icon; enter assigned username
- **Password field** — Lock icon; eye icon toggles visibility
- **Sign In to Platform** — Purple submit button
- **Footer** — "© 2026 Rizviz Int. Impex. All rights reserved."

Login Form — Field Reference

Field Name	Status	Description
Company	Required	Legal entity (e.g. Rizviz Int. Impex)
Branch	Required	Branch office assigned to the user
Username	Required	Assigned ERP login name
Password	Required	Secret password; masked with dots (●) by default

Step-by-Step Login Instructions

- 1 Open the ERP URL in your browser: `localhost:3000/login`.
- 2 Select **Company** — Rizviz Int. Impex.
- 3 Select **Branch** — e.g. Lahore Tech Branch.
- 4 Enter your **Username** and **Password**.
- 5 Click **Sign In to Platform**.
- 6 Admin users are redirected to the **Management Dashboard**.

Available Branches

- Karachi Head Office
- Lahore Tech Branch
- Islamabad Executive Branch

Note: Only select the branch to which you are officially assigned.

Password Field — Behavior

The Password field masks characters by default. Click the eye icon to reveal plain text; click again to re-mask.

Note: Security Tip: Do not use show-password in public or shared areas.

Sign In Button — Behavior

- **Success** — Redirect to Management Dashboard (Admin).
- **Empty field** — System highlights missing field.
- **Invalid credentials** — Authentication error displayed.

Login — Troubleshooting

Issue	Resolution
Branch dropdown empty	Select Company first.
Invalid username/password	Verify credentials; check Caps Lock; contact IT.
Page not loading	Clear cache; enable JavaScript; use Chrome.
Forgot password	Contact system administrator — no self-service reset.

3. Management Dashboard

After successful Admin login, the system navigates to the **Management Dashboard** — a real-time enterprise overview of interviews, headcount, payroll, assets, and onboarding.

URL: `localhost:3000/dashboard`

Note: Admin subtitle: "All Data — Enterprise Overview — Welcome back, Rizviz Admin (Admin)".

Dashboard — Interview Statistics and KPI Cards (Light Mode)

Figure 2 — Management Dashboard — Full Dashboard View with Time Widgets

Below the screenshot, the dashboard shows the full Admin view with company and branch selectors, global time widgets, interview statistics, KPI cards, and the Departmental Breakdown chart area.

Time Widgets

Zone	Time	Description
CST	2:17 PM	Central Standard Time widget
EST	3:17 PM	Eastern Standard Time widget
PKT	12:17 AM	Pakistan Standard Time widget
PK	12:17 AM	Pakistan local time widget

Visible Dashboard Metrics

Tile / Card	Value	Description
Total Interviews	607	All records; click to view unfiltered list
Rejected	191	Candidates marked rejected
Closed	112	Formally closed interviews
Date Changed	105	Interview date was modified
Dropped	84	Candidates who dropped out
Rescheduled	65	Moved to new date/time
Dead	23	Inactive / dead leads
Converted	21	Successfully converted
Total Headcount	2	Active: 2 Inactive: 0
Processed Payroll	216,000	Currency: PKR
Tracked Assets	3	Assigned: 2 Available: 1
New Onboardings	0	Joined in current month

Note: Each interview tile includes "Click to filter" and opens the Interviews list with that status pre-applied. KPI cards open their related module links.

Dashboard — Enterprise KPI Cards

Figure 3 — Management Dashboard — Headcount, Payroll, Assets, and Department Chart

Below the screenshot, the four enterprise KPI cards display:

Card	Value	Subtext
Total Headcount	2	Active: 2 Inactive: 0
Processed Payroll	216,000	Currency: PKR
Tracked Assets	3	Assigned: 2 Available: 1
New Onboardings	0	Joined in current month

The **Departmental Breakdown** bar chart below shows headcount and monthly budget per department (e.g. Technology: 2 employees).

Dashboard — Charts (Asset & Payroll Trends)

Figure 4 — Management Dashboard — Asset Distribution and Payroll Expenditure Trend

Below the screenshot:

- **Asset Distribution** — Donut chart: Laptop (2), SIM (1)
- **Monthly Payroll Expenditure Trend** — Line chart Jan–May showing steady increase to ~PKR 216,000

Dashboard — Dark Mode View

Figure 5 — Management Dashboard in Dark Mode — Full Enterprise Overview

Below the screenshot, Dark Mode applies a deep navy background across the dashboard while preserving all KPI cards, interview tiles, and chart readability. Toggle via the sidebar **Light Mode / Dark Mode** switch.

4. HR & Employees Module

The Employee Directory manages staff records from the live UAT HRMS database. Admins can add, edit, delete, search, filter, and export employees.

URL: `localhost:3000/employees`

Figure 6 — Employee Directory — Summary Cards and Data Table

Below the screenshot:

- **Title** — "Employee Directory (2 from UAT database)"
- **Add Employee** — Purple button (top right)
- **Export** — Download directory as Excel
- **Summary Cards** — Total (2), Active (2), Suspended/Leave (0), Terminated (0); click to filter
- **Search** — "Search Name, Code, CNIC..."
- **Filters** — Branch and Status dropdowns
- **Table** — Emp Code, Full Name, CNIC, Department, Designation, Status, Edit/Delete actions

Employee Table — Sample Data

Emp Code	Name	Department	Designation	Status
EMP-001	Qamer Hassan	Technology	Senior Software Engineer	Active
EMP-002	Fatima Ali	Technology	Software Engineer	Active

5. Payroll Process Module

The Payroll Process module executes monthly payroll runs, computes income tax and loan deductions, and generates printable staff payslips. Admin access only.

URL: localhost:3000/payroll

Page Layout

- **Title** — "Payroll Processing" — "Execute monthly runs, compute income taxes, and generate staff payslips."
- **Month / Year** selectors for payroll period
- **Summary Cards** — Total Net Payout (PKR), Processed Staff, Total Tax Withheld
- **Process Payroll** button — finalizes the monthly run
- **Payroll Table** with Payslip print action per row

Payroll Table Columns

Column	Description
Emp Code	Employee identifier
Name	Employee full name
Basic Salary (PKR)	Base monthly salary
Allowances	Additional earnings
Tax Deduction	Income tax withheld (red)
Loans Paid	Loan repayment deduction
Net Salary (PKR)	Final disbursed amount (purple bold)
Action	Payslip button — opens printable payslip

Important: Payroll processing is irreversible for the selected period. Verify figures before confirming.

Processing Payroll — Steps

- 1 Select Month and Year.
- 2 Review calculated figures in the table.
- 3 Click **Process Payroll**.
- 4 Action is logged in Security Audit Registry.

Payroll Processing Screen

Figure 7 — Payroll Processing — Summary Cards, Period Selectors, and Payroll Table

Below the screenshot, the payroll screen shows:

- **Total Net Payout** card showing PKR 216,000
- **Processed Staff** card showing 2 employees
- **Total Tax Withheld** card showing PKR 24,000
- **Year and Month** selectors set to 2026 and June
- **Process Payroll Run** button for finalizing the selected period
- **Payroll table** with employee salary, allowances, deductions, net salary, and Payslip action

Employee Payslip Print View

Figure 8 — Employee Payslip Print View — Earnings, Deductions, and Net Disbursed Salary

Below the screenshot, the payslip modal includes:

- Employee code, employee name, designation, department, payslip month, payment mode, bank name, and account number
- Earnings table with Basic Salary and Allowances
- Deductions table with Income Tax and Loan Repayment
- **Net Disbursed Salary** highlighted in green
- Employee Signature and Authorized Representative signature lines
- **Close** and **Print Payslip** actions

6. Asset Register Module

The Asset Inventory Register tracks company assets, assigns them to employees, and processes returns. Data loads from UAT `inventory.assets`.

URL: `localhost:3000/inventory`

Figure 9 — Asset Inventory Register — Stat Cards and Asset Table

Below the screenshot:

- **Stat Cards** — Total Tracked (3), Assigned (2), Available (1), Maintenance (0)
- **+ Register Asset** — Purple button to add new asset
- **Info Banner** — "Asset data is loaded from UAT (inventory.assets)..."
- **Table columns** — Asset Code, Name, Category, Serial, Purchase Value, Status, Assigned To, Actions

Asset Table — Sample Data

Code	Name	Value	Status	Assigned To	Action
AST-LPT-001	Dell Latitude 5420	PKR 180,000	ASSIGNED	Qamer Hassan	Return
AST-LPT-002	MacBook Pro M2	PKR 350,000	AVAILABLE	Available	Assign
AST-SIM-001	Jazz Super Card SIM	PKR 1,000	ASSIGNED	Qamer Hassan	Return

Register New Hardware Asset — Modal

Figure 10 — Register New Hardware Asset Modal Form

Below the screenshot, the registration form contains:

Field	Required	Description
Asset Name	Yes	e.g. Dell Latitude 5420
Category	Yes	Dropdown: Laptop, SIM, etc.
Serial Number	Yes	SN / Asset Tag
Purchase Value (PKR)	Yes	Asset cost
Remarks	No	Condition or warranty details

Click **Register** to save or **Cancel** to dismiss.

Assign / Return Workflow

- 1 For AVAILABLE assets, click **Assign** — select employee, date, condition.
- 2 For ASSIGNED assets, click **Return** — record return condition.
- 3 Status updates automatically in the table and stat cards.

7. Project Allocations Module

Project Resource Management tracks client projects, budgets, timelines, and staff allocations. Data from `mkt.projects` and `project_stakeholders`.

URL: `localhost:3000/projects`

Figure 11 — Project Resource Management — Project Cards View

Below the screenshot:

- **Stat Cards** — Total Projects (2), Active Initiatives (2), Resource Allocations (3)
- **Info Banner** — "Connected to live UAT. Team members come from project_stakeholders..."
- **Search** — "Search project, client, code..."
- **View Toggle** — Cards (active) / Table
- **+ Create Project** — Opens new project form modal

Project Card — Sample (PRJ-001)

Field	Value
Status	IN PROGRESS (blue tag)
Code / Client	PRJ-001 — Rizviz Int. Impex
Description	Migrate legacy PowerBuilder desktop ERP to React + ASP.NET Core
Budget	5,000,000 PKR
Timeline	01/02/2026 — 31/12/2026
Team	Qamer Hassan, Fatima Ali (2 members)
Action	Assign Resource button

8. Recruitment — Interviews Portal

The Interviews Portal manages job openings, candidate pipelines, and interview schedules using the internal recruitment database (separate from Excel-synced Interviews).

URL: `localhost:3000/recruitment`

Figure 12 — Interviews Portal — KPI Cards and Active Job Postings Tab

Below the screenshot:

- **Title** — "Interviews Portal" — "Manage job openings, screen candidates, and capture interview feedback."
- **KPI Cards** — Total Interviews, Candidates (38), Open Postings (0), Converted/Hired (0)
- **Tabs** — Recruitment Pipelines | Interview Schedule | Active Job Postings
- **+ Create Job Posting** — Purple button
- **Job Table** — Job Title, Department, Vacancies, Status, Posted

Creating a Job Posting

1. Navigate to Recruitment → Active Job Postings tab.
2. Click **+ Create Job Posting**.
3. Enter job title, department, vacancy count, description.
4. Save — posting appears in the table.

9. Interviews Module

The Interviews Module aggregates all records from **Interview Software.xlsx** via live sync. Admins see all records with search, filter, edit, delete, and export.

URL: `localhost:3000/interviews`

Note: Admin view label: "All interviews — admin view".

Interviews — Statistics Tiles and Toolbar

Figure 13 — Interviews Module — KPI Cards, Toolbar, and Filter Bar

Below the screenshot, the toolbar buttons are:

Button	Function
Export	Download current filtered data
Upload Excel	Manually upload Excel file
Recent 90 days	Toggle date window filter
Refresh	Sync from local Interview Software.xlsx
+ Add Row	Manually add interview record

Top-right shows **Last synced** and **File saved at** timestamps.

Interviews — Sync Info Banner and Table

Figure 15 — Interviews Table — Status Badges and Row Actions

Below the screenshot, key columns include:

Column	Description
SR	Unique serial number — primary Excel sync match key
INV. TO	Entity interviewed for (e.g. Silmun)
DATE	Scheduled interview date
INTERVIEWER / INTERVIEWEE	Recruiter and candidate names
COMPANY	Target client company
INTERVIEW TYPE	Technical, HR, Combined, etc.
STATUS	Color-coded: rejected, closed, dropped, converted, date changed
ACTIONS	History (clock), Edit (pencil), Delete (trash)

Pagination

Footer shows "1–20 of 599 rows" with page navigation and 20/page selector.

10. Excel Sync — Interview Data Synchronization

Interview data syncs with **Interview Software.xlsx**. Save in Excel (Ctrl+S), then click Refresh in the ERP.

Sync Workflow

- 1 Open Interview Software.xlsx.
- 2 Edit dates, names, statuses, or add rows.
- 3 Save with Ctrl+S.
- 4 In Interviews module, click Refresh.
- 5 Review sync summary modal.

Important: Rows match by Sr number. Do not change Sr unless creating new records.

Excel Sync Summary Modal

Figure 16 — Excel Sync Summary Modal — Sync Complete with Statistics

Below the screenshot, the modal displays:

Field	Example
Synced at	Jun 11, 2026 7:43 PM
File read	F:\...\Interview Software.xlsx
File saved at	Jun 5, 2026 9:01 PM
Total rows	607
New / Changed / Unchanged / Failed	0 / 0 / 607 / 0

Sync Summary — Full Page Context

Figure 17 — Interviews Page with Updated Excel Rows Highlighted

Below the screenshot, a green banner at the top confirms: "Sync complete (merged with Excel): 0 new, 0 changed, 607 unchanged, 0 deleted, 0 failed."

No Changes Detected

Figure 18 — Excel Sync Summary — No Field Changes Detected

Below the screenshot:

- Green banner confirms that sync completed successfully
- Excel sync summary modal shows total rows, new rows, changed rows, unchanged rows, and failed rows
- "No field changes detected" note explains that the Excel file matches the database
- Close button dismisses the modal after review

Use the **History** (clock) icon on any row to view its full change log (Reschedule, Cancel, Data change).

11. Interview Calendar Module

The Calendar provides a visual month-by-month overview plotting interviews by job start, interview, or close date.

URL: localhost:3000/interviews/calendar

Figure 19 — Interview Calendar — April 2026 Month Grid

Below the screenshot:

- **Data summary** — "607 rows loaded. 676 on the calendar. 596 events on 23 days (77%)."
- **Controls** — ‹ April 2026 ›, Busiest month, Today, Sync & refresh
- **Back to Interviews** link at top

Event Chips — Day Cell Detail

Figure 20 — Interview Calendar — Event Chips and Day Cells

Below the screenshot, the calendar day cells show:

Element	Description
Date cell	Each box represents one day in the selected month
Event chip	Candidate/interview entries displayed inside the relevant date
Color markers	Status or category color cues used to distinguish interview records
+N more	Shown when a day has more interview events than can fit in the visible cell
Navigation	Month controls and sync/refresh actions above the grid

12. AI Feedback Module

The AI Feedback Module captures, transcribes, and enhances interview feedback using Whisper AI (voice) and Llama-3 (text enhancement). Records sync to database and Google Sheets.

URL: localhost:3000/interviews/feedback

Interview Feedback — Data Table

Sr	Date	Interviewee	Job Hunter	Company	Interview Type	Status	Inv. To	Interview For	Job Start Date	Actions
6038	Apr 17, 2026	Bilal Ahmed	—	Four dragon	Technical	Dropped	Silman	Syed Hussainy(Fawad)	—	View Delete
5852	Apr 08, 2026	Kashif Nawaz	Ahsan Sohail	Strat egizelt	Technical	Date changed	Silman	Syed Muhammad Raza Naqvi	—	View Delete
5765	Apr 07, 2026	Ali Subhan	Mirza Muhammad Tagi / Fawad	Kforce	Technical	Rejected	Silman	Mirza Muhammad Tagi / Fawad	—	View Delete
5760	Apr 02, 2026	Areez Hassan	Abubakkar Saddique	The uni of north	Technical	Rejected	Silman	Aziz Rizvi	—	View Delete

Figure 21 — Interview Feedback — Table with Status Badges and Actions

Below the screenshot, the page contains:

- **Title** — "Interview Feedback" — "Capture, transcribe, and enhance interview feedback with AI."
- **+ Add Feedback** — Opens AI feedback entry modal
- **Search** — "Search candidate, interviewer, company..."
- **Filter** — All Recommendations dropdown
- **Columns** — Sr, Date, Interviewee, Job Hunter, Company, Type, Status, Inv. To, Interview For, Job Start Date, Actions
- **Actions** — View (blue) and Delete (red) per row

Status Badge Colors

Status	Color
Date changed	Grey
Rejected	Red
Postponed	Orange
Cancelled	Red
Converted	Green
Dropped	Orange

Adding Feedback — Steps

- 1 Click **+ Add Feedback**.
- 2 Select interview session (Sr number).
- 3 Use Voice tab (record) or Text tab (type notes).
- 4 Click **Process with AI** for transcription/enhancement.
- 5 Set Recommendation, rating, strengths, weaknesses.
- 6 Click **Save Feedback**.

Note: Duplicate prevention: system blocks multiple feedback entries for the same Sr number.

13. Leads Management Module

Leads are derived from Excel interview sync or added manually. Each lead tracks a candidate–company pair with outcome status.

URL: localhost:3000/leads

Figure 22 — Leads Management — Statistics Tiles and Filter Controls

Below the screenshot:

Tile	Count
Total Leads	487
Converted	16
Rejected	175
Dropped	78
Closed	0
Dead Leads	12

Filters: Search bar, Outcome dropdown, Profiles dropdown, Companies dropdown. Buttons: Refresh, + Create Lead.

Leads Grid Table

Interviewee / Profile	Company	Status	Rounds	Last Activity	Interviews	Actions
Abdul Razzak	Bestica	Rejected	1	Apr 29, 2026	View interviews	
Abdul Razzak	CGI	Rejected	1	Feb 18, 2026	View interviews	
Abdul Razzak	Column tech	Dropped	2	Apr 15, 2026	View interviews	
Abdul Razzak	DXC	Rejected	2	Apr 29, 2026	View interviews	
Abdul Razzak	four dragon	Dropped	1	Apr 18, 2026	View interviews	
Abdul Razzak	OSD	Rejected	4	Apr 30, 2026	View interviews	
Abdul Razzak	HCL	Completed	1	Apr 3, 2026	View interviews	
Abdul Razzak	JCW	Rejected	1	Apr 28, 2026	View interviews	
Abdul Razzak	Jobot	Dead	1	Apr 10, 2026	View interviews	
Abdul Razzak	Light house	Dropped	1	Apr 17, 2026	View interviews	
Abdul Razzak	Lighthouse	Data changed	1	Apr 8, 2026	View interviews	
Abdul Razzak	TRA	Completed	1	Apr 13, 2026	View interviews	

Total 487 leads — 15 / page

Figure 23 — Leads Grid Table — Status Badges and Action Icons

Below the screenshot, columns include:

Column	Description
Interviewee / Profile	Candidate name
Company	Target client company
Status	Rejected (red), Completed (green), Postponed (orange), etc.
Rounds	Interview round count (blue badge)
Last Activity	Most recent event date
Interviews	View interviews link
Actions	View (eye) and Edit (pencil)

Pagination: "Total 487 leads" — 15 / page.

Lead Details Modal

Column	Description
Company	DXC (Rejected)
Source	Auto Derived (2 Interview Rounds)
Interviewee / Profile	Abdul Razzak
Last Activity	April 29, 2026
Converted Outcome	No
Lead Notes	No custom notes provided for this lead. You can click Edit to add notes.
Actions	View raw interviews

Figure 24 — Lead Details Modal — Company, Status, and Notes

Below the screenshot:

- Company name as modal title (e.g. DXC) with status badge (Rejected)
- "Auto Derived (2 Interview Rounds)" source badge
- Interviewee, Last Activity, Converted Outcome (Yes/No)
- Lead Notes section
- **View raw Interviews** purple button

Leads Table — Pagination and Row Actions

The screenshot shows a web application interface for Rizviz ERP. On the left is a sidebar menu with options: Dashboard, HR & Employees, Payroll Process, Asset Register, Project Allocations, Recruitment, Interviews, Calendar, AI Feedback, Leads (selected), Reports Center, and Audit Logs. The main area displays a table of leads. The table has columns for Name, Company, Status, Count, Date, and Actions. The status column uses color-coded badges: Rejected (red), Dropped (orange), Dead (red), Completed (green), and Date changed (yellow). The Actions column contains icons for 'View Interviews' (link), 'Details' (eye), and 'Edit' (pencil). At the bottom of the table, there is a pagination control showing 'Total 487 leads' and a page selector with options 1, 2, 3, 4, 5, and a '15 / page' dropdown.

Name	Company	Status	Count	Date	Actions
Abdul Razzak	Bestica	Rejected	1	Apr 29, 2026	View Interviews, Details, Edit
Abdul Razzak	CGI	Rejected	1	Feb 18, 2026	View Interviews, Details, Edit
Abdul Razzak	Column tech	Dropped	2	Apr 15, 2026	View Interviews, Details, Edit
Abdul Razzak	DXC	Rejected	2	Apr 29, 2026	View Interviews, Details, Edit
Abdul Razzak	four dragon	Dropped	1	Apr 16, 2026	View Interviews, Details, Edit
Abdul Razzak	OSD	Rejected	4	Apr 30, 2026	View Interviews, Details, Edit
Abdul Razzak	HCL	Completed	1	Apr 3, 2026	View Interviews, Details, Edit
Abdul Razzak	JCW	Rejected	1	Apr 28, 2026	View Interviews, Details, Edit

Figure 25 — Leads Table — Pagination, Status Badges, and Actions

Below the screenshot, the table controls include:

Element	Description
Pagination	Total 487 leads with page controls at the bottom
Rows per page	15 / page selector at the lower right
Status badges	Rejected, Dropped, Dead, Completed, and Date changed
View interviews	Link icon opens source interview records for the lead
Actions	Eye icon opens Lead Details; pencil icon opens edit mode when available

Lead Details Modal Overlay

The screenshot shows the same Leads Table as Figure 25, but with a 'Lead Details' modal overlay active for the lead 'Abdul Razzak' from 'DXC'. The modal is dimmed over the table. The modal content includes:

- Lead Details** (Title)
- DXC** (Company Name)
- Auto Derived 12 Interview Rounds** (Text)
- INTERVIEWEE / PROFILE** (Section Header)
- Abdul Razzak** (Interviewee Name)
- LAST ACTIVITY** (Date: April 29, 2026)
- CONVERTED OUTCOME** (Status: No)
- LEAD NOTES** (Text: No custom notes provided for this lead. You can click Edit to add notes.)
- Close** (Button)
- View raw Interviews** (Button)

 The background table is dimmed, and the pagination controls at the bottom remain visible.

Figure 26 — Lead Details Modal — Overlay View

Below the screenshot, the background table is dimmed while the modal remains active. The modal includes the company, status, interviewee/profile, last activity date, converted outcome, lead notes, Close, and View raw Interviews actions.

14. Reports Center Module

Generate comprehensive registers for corporate audits and exports in PDF or Excel.

URL: `localhost:3000/reports`

Figure 27 — Corporate Reports Center — Settings and Live Preview

Below the screenshot:

Report Settings (Left Panel)

- **Report Type** — HR Employee Directory, Payroll Register, Asset Inventory
- **Branch** and **Status** filter dropdowns
- **Print / Save PDF** — Purple button
- **Export to Excel** — White button

Live Preview Grid (Right Panel)

Code	Name	CNIC	Status	Basic Salary
EMP-001	Qamer Hassan	35201-1234567-9	Active	150,000
EMP-002	Fatima Ali	35202-7654321-0	Active	90,000

Generating a Report

- 1 Select Report Type.
- 2 Optionally filter Branch/Status.
- 3 Review Live Preview.
- 4 Click Print/Save PDF or Export to Excel.

15. Security Audit Registry

Monitors user logins, credential changes, and payroll processing. Admin access only.

URL: localhost:3000/audit-logs

Figure 28 — Security Audit Registry — Login and Payroll Action Log

Below the screenshot:

Column	Description
Log ID	Unique identifier (#1, #2...)
Username	User who performed the action
Action Triggered	e.g. User Login, Processed Payroll for 2026-06
Module	Auth (purple), HR (orange), Payroll (magenta)
IP Address	Client IP (:::1 for localhost)
Timestamp (UTC)	Date and time of action

Sample Entries

ID	User	Action	Module
#2	Rizviz Admin	Processed Payroll for 2026-06	Payroll
#1	Rizviz	User Login	Auth

16. Admin Roles & Permissions

Role	Access Level
Admin	Full access to all modules, all data, Excel sync, audit logs
HR	Employee forms, reports; limited admin functions
Manager	Branch-level data, reports
Interviewee / Job Hunter	Dashboard and own interviews only

Data Scope Labels

- **All Data — Enterprise Overview** — Admin
- **Branch Data — Team Overview** — Manager
- **Your interviews — [Name]** — Interview portal users

17. Troubleshooting

Issue	Resolution
No Changes Detected on Refresh	Save Excel with Ctrl+S before Refresh
Dashboard vs Table count mismatch	Disable Recent 90 days filter
Calendar events > interview rows	Each row can have multiple calendar dates
Cannot access module	Verify role permissions with Admin
Asset data not loading	Check UAT database connection; refresh page
